## **Sled Kite Plan (Allison)**

WIND: Light to Moderate (4mph to 18mph)

LINE: Crochet or button hole thread

SAIL: (1) 24" x 30" plastic trash bag (kitchen size)

SPARS: (2) 16" x 1/8" wooden dowels

ALTERNATIVE: Use match-stick bamboo

BRIDLE: 48" flying line

TAIL: Optional. Use bag scraps.

TAPE: Cellophane

## **METHOD:**

- 1. Draw half of the kite on edge of plastic bag and cut out. (a)
- 2. Tape spars to sail. (b)
- 4. Attach 48" bridle to sail. (b)
- 5. Find center of bridle by placing keels together and tie a loop. (c)
- 6. Tie flying line to loop. (c)
- 7. OPTIONAL: Roll remaining bag and cut 1-1/2" wide tails. Tape to bottom at each spar. (d)
